

Aquacom® MK2-DCI 2 Diver Air Intercom

The Aquacom® MK2-DCI is a compact, self-contained two- or one-diver air intercom. It will provide one or two divers, using a Full-Face Mask and Ear/Microphone Assembly, with clear communications either in the 2- or 4-wire mode. However, up to 6 divers can be stacked and all be on line together (4-wire mode).

The 20 watts of power ensures clean, crisp communications over long lengths of communications rope. State-of-the-art circuitry allows intelligibility that is second to none. Our unique battery protection microprocessor will protect your batteries from being damaged due to extreme low voltage conditions.

Options:

- **THB-2A** Deluxe Headset w/boom Microphone & PTT control
- **RB-6V** Sealed Lead Acid Battery (requires 2)
- **RCS-13** Smart Battery Charger
- **CR4** 4-Wire Communications Rope

**Specification Comparison of Hardwire Surface Units:**

Features	MK2-DCI	ComBox	MK-7
Battery Life	20 hours continuous use	6 hours continuous use with alkaline batteries.	12 hours continuous use
Frequency Response	600-12,000 Hz	600 to 10,000 Hz	600 to 10,000 Hz
Output Power (watts)	20	20	2
Charging Time	14 hours with optional gel-cell batteries	14 hours with optional rechargeable batteries	14 hours with optional rechargeable batteries
Controls	Volume: Tender, Diver 1 & 2, Speaker, Cross Talk, PTT, Speaker On/Off, Select diver 1,2 or both	Volume: Tender, Diver 1, PTT	Volume: Tender, Diver 1, Diver 2
Speakers	Heavy duty front panel or optional headset with boom microphone	Heavy duty, " Silver Bullet " front panel (10 full watts)	Headset with boom microphone
Low Battery Indicator	LED type battery meter	n/a	Audio Tone
Battery Type	(2) 6 volt lantern batteries (heavy duty) or Optional (2) RB-6V rechargeable batteries	8 or 16 AA alkaline batteries; 2 RB-11 NiMH battery packs	8-AA Alkaline batt. or optional RB-11 NiMH battery packs
Dimensions (W x H x D)	14" x 10.60" x 6.85" 14 lbs	9" x 7.85" x 3.7" 3.5 lbs	4.35" x 6.725" x 3.0" 1.5 lbs (w/ batteries)
