

Broco Industrial PC/A-2 Run-N-Kut®

This kit is especially suited for situations where a self-contained unit is needed. Used in the shop or field, it is preferred by locksmiths and fire departments. The PC/A-2 Run-N-Kut® consists of the Broco® torch with 15 feet of 3/8" oxygen hose and power cable, striker plate assembly with 15 feet of power cable, a 20 cubic foot oxygen cylinder, adjustable regulator with quick-disconnect fitting, battery ignition system (with charger), safety goggles, welding gloves, 1/4" and 3/8" collets and Stix Pak® of sample rods, fitted in a durable custom-fitted Pelican case.
